

GPN PRECEPTORSHIP PROGRAMME

WHAT IS PRECEPTORSHIP?

'Preceptorship is a period of structured transition for the newly registered practitioner during which he or she will be supported by a preceptor, to develop their confidence as an autonomous professional, refine skills, values and behaviours and to continue on their journey of life-long learning.' The preceptorship programme can also support nurses transitioning from working in secondary care, the independent sector, or nurses new to the NHS and primary care.

BENEFITS TO CLINICIAN

- Formal, structured programme of learning
- Clinical supervision
- Protected time for meetings with preceptor
- Individual learning and development plans
